BEACH CLUB 2027 FAQ

• When and how can the beach umbrella be booked? The beach service can be booked in advance once the room booking has been confirmed. Please send your request to tanka.beach@voihotels.com, stating the booking holder's first and last name, stay dates and confirmation number. For bookings made through intermediaries, approximately 48 hours are required for the room reservation to become visible in our systems.

• From which day of the stay is the beach service available, and until when? From the day after arrival through the departure day, unless otherwise requested due to flight schedules. In the event of an early arrival, same-day availability may be checked directly at the beach desk.

• Is it possible to choose the umbrella number, area or row? The umbrella number cannot be selected. The designated area is linked to the booked Hotel/accommodation type; a preferred row may be indicated. Requests for different areas are assessed in accordance with the price-list rules and subject to availability.

• Is it possible to book one or more umbrella? Two umbrellas may be booked only for family rooms (quadruple and quintuple). All other room types may reserve one. Any second umbrella is subject to availability, and adjacent beach stations cannot be guaranteed.

• Is it possible to book 2 beach umbrellas in the front row? For Deluxe or Domus family rooms, only one beach station may be in the 1st row; the second will be assigned in the 2nd row, directly behind the first.

• Is it possible to add a third sun lounger under the umbrella? No, in order to ensure comfortable use of the beach spaces.

• What does the beach package include? The weekly package for the Simius, Notteri and Comfort areas is available for all room types, with allocation from the 10th row: €112 for 7 days and €16 per day after the first 7 days.

• When is the beach service paid for? Payment is made on site, directly at the beach desk.

• Are dedicated beach stations available for guests with disabilities? Yes, they are available in the Simius Area.

Tips: book the service as soon as the room is confirmed; specify whether the beach station is also required on the departure day; indicate any requests for adjacent umbrellas, which will be handled subject to availability.

N.B. No refund is provided for the palm parasol in the event of bad weather.
